Student Debt Assistance Act

Pursuant to the Student Debt Assistance Act (110 ILCS 66/), Estelle Medical Academy has adopted the following procedures.

Unofficial Transcripts

Unofficial transcripts are available to current students through the School Director's Office. Inactive students who have been away from Estelle Medical Academy for three or more years and who are seeking an unofficial transcript may contact the School Director to request an unofficial transcript request form.

Official Transcripts

Official transcripts are released to students without regard to their owing a debt to the school. Official transcripts can be ordered
through the School Director's Office,
including payment of the associated transcript fee.

Diplomas

Estelle Medical Academy releases diplomas to students without regard to their owing a debt to the college.

Registration

Estelle Medical Academy restricts the ability for a student to continue the program classes when they accrue a balance of $500 or more at the end of each month, the student will be responsible to make known to the School Director if payment cannot be made. Student may not continue with the program if balance due is not resolved monthly.

Questions or concerns about the student debt and transcript procedure can be reviewed - by contacting the School Director by making an appointment.

Hardship Withdrawal

Students who withdraw from the college due to unforeseen circumstances may apply for a withdrawal through the School Director's Office.

Hardships may include, but are not limited to, serious injury or illness; chronic illness; a medical issue.

Students approved for a hardship withdrawal are encouraged to re-enroll when their situation changes.
